TOWARD A 3rd CENTURY...

"In government, we must strive to return to the doctrines of limited government, of separation of powers, of effective restraints upon unbridled authority. I believe we must realistically accept the truth that ours is a tiny planet, inhabited by peoples who grow increasingly interdependent. Ours is also a vulnerable planet—vulnerable to forms of terrible destruction. In some fashion, I cannot say how, we must deal wisely with the interdependence and with the danger. This will demand bold and visionary leadership—in the end, that is all it will demand—but such leadership is rare; it must be cultivated.

"In terms of social needs, we will have to rethink the nature of the city. As human longevity increases, we will have to rethink the concepts of labor, retirement, and productivity. I cannot foresee the moral and ethical questions the geneticists will pose, but I am certain these are coming. Personal freedom and population controls are antithetical concepts, but I suspect they will have to be reconciled before our tercentennial."

—James J. Kilpatrick

117-117-117

Those are the words of a columnist and journalist, a conservative who is grappling as all of us must with shrinking worlds and 350-million mile trips to Mars where life indeed something like ours may have once existed, may have had some connection with earth's.

This newspaper continues to run a series on American Issues Forum, second in the calendar year, to be followed by a third on "Life Under the Sea," which is less remote than life on another planet and distinctly a possibility in a few generations.

We find political parties fading to political labels which may well fade into some plastic attitude where biochemists decide our numbers and physicists determine where we live in the universe.

We may not have solved problems on earth because we find alternative solutions in the sea or in space. Kilpatrick is reasonably optimistic in thinking that this county will solve for survival whatever must be solved.

Diplomatic historian Walter LaFeber, writing in the American Issues Forum in the Herald of July 19, adds perspective to where this country heads: "...For the first time in our history we are compelled to cooperate and compromise and become true internationalists. But 200-year-old habits are not easily broken, and the challenge we face will make us feel less secure. As we shall see, however, insecurity is hardly new in the American experience."

117-117-117

Franklin Roosevelt intoned the familiar: "We have nothing to fear but fear itself."

Eleanor is said to have said: "This too shall pass."

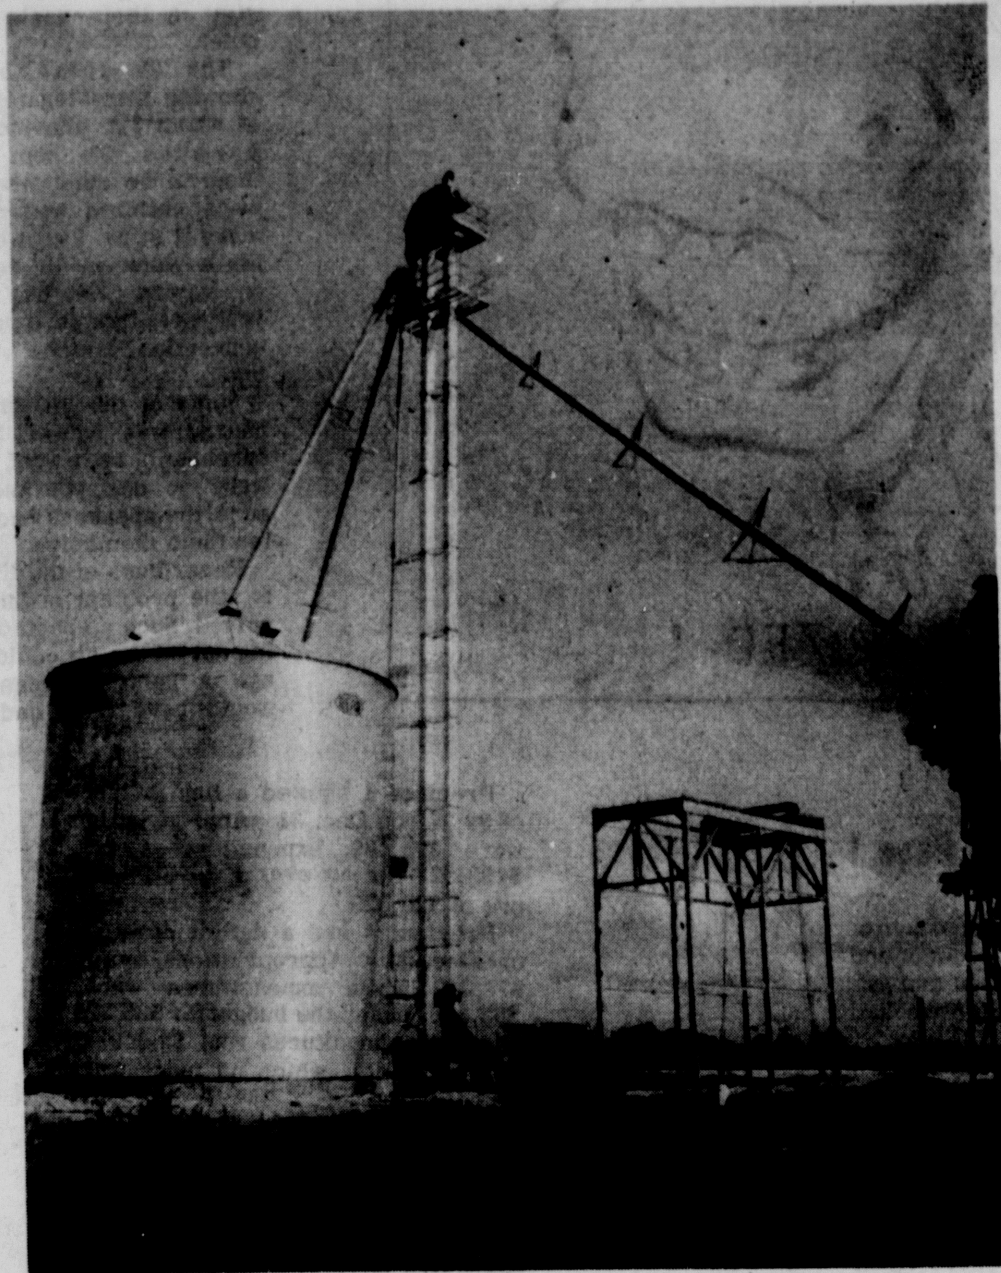

Mr. and Ms. America will become more stoic and less certain, an experience already happening to traditionalists like Kilpatrick.

1st Grain Load Comes To Abate

Abate Grain Co. of Cameron announced the receipt of the first load of grain sorghum for Milam County on Tuesday.

The grain was brought in by Robert De Leon of Rosebud and was grown on a farm in the county.

Abate said the moisture content of the grain was high and they did not know if the load would earn the grower the \$50 award given by the Cameron Area Chamber of Commerce for the first load.

AWAITING HARVEST - This new grain facility, Crossroads Grain Co.'s, is about ready for business with construction to be finished by week's end. Storage capacity of the new elevator is two and a half million pounds, owners Cruz Perez and Kenneth Marek stated.

Alcoa Income, Output Shows Rising Trend

PITTSBURGH, Pa. Aluminum Company of America today reported net income in the second quarter of 1976 was \$42.4 million, or \$1.23 a common share. Second quarter net income in 1975, a recession year for the aluminum industry, was \$22.1 million, or 64 cents a share, compared with \$50.8 million, or \$1.51 a share, in the second quarter of 1974.

Alcoa operates plants in Rockdale, Point Comfort, Marshall and Palestine.

Net income in the first six months of 1976 was \$65.0 million, or \$1.88 a share, compared with \$50.8 million, or \$1.48 a share in 1975 and \$95.8 million, or \$2.85 a share, in 1974. For the 1976 period, return on invested capital (shareholders' equity plus longterm debt) was 4.5 percent on an annual basis. Return on shareholders' equity, also on an annual basis was 8.0 percent.

Sales and operating revenues in the second quarter were \$759.9 million in 1976, compared with \$577.6 million in 1975 and \$703.2 million in 1974. Revenues in the first half of 1976 were \$1.407 billion, compared with \$1.152 billion in 1975 and \$1.357 billion in 1974.

Shipments of aluminum products were 435,000 tons in the second quarter of 1976 and 801,000 tons in the first half. Production of primary aluminum was 336,000 tons in the second quarter and 662,000 tons in the first half.

Board Chairman W. H. Krome George said, "Shipments, revenues and earnings improved strongly in the second quarter of 1976, compared to the previous quarter and the second quarter of 1975. The quarter just passed was favorably influenced by increasing demand for aluminum products across virtually all markets, some improved prices and the benefits of the company's intensive programs to improve productivity and to control all costs.

"Shipments to the automotive and packaging markets, which began to show marked improvement in the first quarter of 1976, remain high. Substantial gains in shipments have been made to the remodeling sector of the building and construction market and to the consumer durables market, particularly air conditioning equipment. Alcoa distributors and jobbers also have increased their shipments. "We are very encouraged by the

improvement in the volume of our business. We recently reactivated some idle capacity and we plan to restart the rest as soon as possible, except in south Texas, where gas to fuel electric generating plants is too costly at present aluminum prices.

"Our fabricating plants haven't been so active since the fourth quarter of 1974. Overall, more than 1500 employees have been recalled to work since January.

"We expect continued improvement in aluminum demand, and the large metal inventory accumulated during 1975 will help us satisfy that demand over the coming 12 months," said George.

Recommendations for improved record keeping and bookkeeping procedures for Milam County officials was contained in a management letter read to commissioners by a CPA whose firm prepared an audit of county funds for the year 1975.

Ray Harris of Harris, Havins & Co. reviewed the audit report at a special meeting of commissioners court Monday morning. The letter followed the review of the audit. Present at the meeting were a number of county officials, Farm Bureau representatives, and members of the press and radio.

Among the accounting practices and procedures the firm feels should be called to the county's attention are the use of receipts and receipt books, recommendations for the county treasurer and auditor, district clerk and sheriff.

The letter also recommends that the general county books be kept on an "in house" mini-computer, or a computer service center.

On Tuesday, Judge O. B. Harden told The Herald that the county would definitely take Harris' advice and contract with a data processing center to handle financial records.

Harden said the present quarterly county auditor's report doesn't show the year to date or status of the budget.

Along with those recommendations was one for a physical inventory of property for each department and a perpetual inventory card system for non-expendable items with an expected life of two years or more and costing \$25 or more.

The audit showed that in many cases the county budget failed to allow enough funds to cover certain expenses, but the county never had a

Ambulance Service Draws Council Tiff

Dispute over the proposed ambulance service for Cameron and north Milam arose at Tuesday's city council meeting and one councilman proposed turning the whole thing over to the commissioners court.

The dispute started after Monroe Fuchs, chairman of the service committee, proposed rates for ambulance calls and Gene Lumpkin offered a motion amendment to raise the rates. This motion died for lack of a second. On a motion to accept the rate schedule, Lumpkin voted no and councilman Lincoln Mondrik abstained.

After Fuchs read more sections of the ambulance service ordinance, Lumpkin made a motion to drop the service and turn it over to commissioners. Lumpkin said the council was not being given time to study the proposals. Mondrik seconded the motion and voted yes along with Lumpkin. Councilmen Ernest Moore, Fuchs, and Jan Luecke voted no.

Before the motion was put to a vote Fuchs told Mayor Lawrence Zott that we was "very disappointed that councilmen would make such a motion when I already have 25 people volunteering for the project."

On a motion to accept the offer of \$4,000 from commissioners, Luecke, Fuchs, and Moore voted yes, Mondrik abstained and Lumpkin voted no.

Another motion by Fuchs requested permission for the council to have a school for EMC training for up to 50 volunteers, at ambulance service expense. The school will be presented by the Temple Volunteer Firemen and would cost \$30 per person. Again Moore, Luecke, and Fuchs voted yes, Mondrik abstained, and Lumpkin voted no. Lumpkin asked why the school expense if all volunteers need is a Red Cross course.

Fuchs said the committee is asking that \$4,000 be placed in the upcoming city budget for the service, adding that no cost estimates are possible until the service is in force for a time.

In other business, council voted to accept a proposal for dealing with dilapidated housing and junk autos. It was recommended that the council serve as a building code committee to hear grievances by persons cited and who request a hearing.

Motion passed to have junk cars, those without a current license plate and inspection sticker, towed away. Charges will be \$25 to retrieve the

auto, with \$1 per day storage charge. A ten day notice will be given before the auto is towed away and a 20 day notice for repossession.

Fuchs and A. W. McCullin discussed the fact that sewer taps in Alabama Town were not being charged to the residents. McCullin said this is a federal program, and exceptions are made for minorities. Fuchs said exceptions should not be made for one minority in one section of town and not in another. McCullin told Fuchs the program had been voted on by the council and was approved before the project was started.

Lumpkin made a motion to start billing for use of sewer to all houses in Alabama Town where taps have been installed. Council voted to do so.

Code Inspector Ed Bigbee recommended that legal action be taken to remove the old ice house on E. First St. which has been red-tagged for two years as an unsafe building.

McCullin reviewed plans for a youth exposition building budgeted to cost \$64,621. He said approximately \$33-

FBI Still Seeks 2 Bank Robbers

The Federal Bureau of Investigation is still investigating the robbery of the Thorndale State Bank on July 15, the San Antonio office told The Herald Tuesday.

An FBI spokesman declined to state the amount of cash taken in the daylight robbery by two men, stating that the Bureau never releases the amount of money taken in such crimes.

VAS Meeting Set

The initial meeting of the city's Volunteer Ambulance Service will be held at the Chamber of Commerce office at 6 p.m. Monday. Anyone wishing to volunteer for the service should contact Monroe Fuchs prior to the meeting.

Dog Catcher Wanted

The city is accepting applications for a dog catcher and interested persons should file with the city secretary.

Auditor Recommends Computer Bookkeeping

deficit because income exceeded estimates. Harris commented on the fact that the county had no debt, saying this was rare.

Recommended was the use of pre-numbered receipt books for each department handling money. The letter stated that the sheriff, district clerk, constables, commissioners, and justices of the peace (except for Precinct No. 1) generally did not always issue receipts through their offices for incoming cash.

In addition to all officials issuing receipts, the firm suggests that the sheriff, justices of the peace, and county and district clerks implement an accounting system aimed at improving the control over accounting for, and reporting on all items of incoming cash.

COUNTY TREASURER, AUDITOR

The letter stated that the county is still on the warrant system which is unnecessary, in their opinion. All county funds are on a current basis, which means that adequate funds are on hand for all warrants to clear when they arrive at the bank. "We recommend that the use of combination warrants-checks be implemented, as most Texas counties are doing.

"As soon as practical, it is recommended that the jury fund and officers' salary fund be combined with the general fund. Many Texas counties have combined the courthouse and jail improvement fund with the general fund, which is a good practice if the fund is to be used primarily for courthouse and jail maintenance."

The firm also recommended that amounts received by the voter registration fund be transferred immedi-

ately to the general fund. Also, that the county eliminate the various sinking funds as they are currently not being used and contain an aggregate balance of less than \$80.

The present system calls for those officials remitting money to the county treasurer to go first to the county clerk who issues the receipt. The firm suggests that all remittances to the county are made directly to the county treasurer, thereby eliminating one step in the handling of money.

Following its suggestion of using data processing, the letter said this will free the auditor and his secretary, as well as the county treasurer, from the laborious job of posting the receipts and disbursements to the various journals. This will free county auditor personnel for check writing and other duties, and the county treasurer for issuing receipts, reconciling bank accounts, and coordinating data processing.

DISTRICT CLERK

"Internal control for receipts needs to be established in the district clerk's office. A daily cash book is maintained, but cannot be tied to any one deposit or series of deposits. The trust fund docket was not posted up to date," the letter stated.

"All monies collected should be receipted, deposited, and journalized. The deposits would be made daily, if practical, and intact. Outstanding balances should be reconciled each month."

SHERIFF

"The lack of an audit trail (in the sheriff's department) creates an un-auditable condition," the letter stated.

"Receipts were not issued for all

000 is on hand, with more promised. The council voted to lease the property on the block between Gillis and Tyson for 10 years at a dollar a year.

The mayor appointed Lumpkin to serve on the Youth Exposition Association executive committee.

Plans were also explained for extending city limits to take in 380 acres. McCullin said metes and bounds are about ready and an annexation ordinance can then be drawn up.

Funds Available For Precinct 4, County Judge Says

Funds for the ailing Milam County Precinct 4 road and bridge fund will be advanced from the county's general road and bridge fund to enable the precinct to make it through 1976, County Judge O. B. Harden said this week.

According to the county auditor's report for the period ending June 30, 1976, the precinct had \$16,168.16 in its account, and a division of monies from the general road and bridge fund will add \$8,000 this year, along with funds from division of current revenue sharing payments.

Figures show that the precinct was in better shape on June 30, 1976 than it was at the same time a year ago. Then the precinct account totaled \$9,122.65. The precinct had to borrow for the balance of 1975.

The precinct has no debts to be paid other than current bills. The revenue sharing funds will take care of gravel and other materials needed this year, Harden said.

Commissioners spent a total of \$527,365 last year to maintain some 785.88 miles of county roads. This averages out to \$671.05 total cost per mile.

Last year Precinct 1 spent \$105,707 to maintain 132.29 miles; Precinct 2 spent \$168,619 for 260.87 miles; Precinct 3, \$132,682 for 204.11 miles; and Precinct 4, \$120,357 for 188.61 miles.

The cost per mile includes operating expenditures, and capital outlay and debt service expenditures.

incoming monies, and checks were not always written for disbursements. In some instances, cash is hand delivered by the sheriff to various officers. Cash bonds are kept in the sheriff's office and not deposited, and are returned when a fine is levied.

"When fines are levied, the sheriff has assumed responsibility for their collection," Harris told the court this should not be done. "These fines are usually paid in installments and are remitted to the county only when the fine has been paid in full. At December 31, 1975, the sheriff's bank balance was \$7,063.06. Of this amount, our workpapers indicate \$3,228.25 is for partial payments on collected on fines prior to January 1, 1975.

"The sheriff stated that before leaving office he would collect all fines balances owed, and remit the total to the county. We suggest that this process commence immediately and that the sheriff be relieved of collecting and accounting for fines and costs by the various courts as this is the responsibility of each respective court.

"The money that the sheriff must handle should be receipted and accounted for with an accounting system. If the system had been in effect, it would have deterred the erroneous clearing of a personal check of the sheriff in the amount of \$504.75 dated December 1, through the official sheriff account. When called to his attention, the sheriff stated that he would take corrective action."

COUNTY CLERK

"The county clerk is currently journalizing cash received, but does not issue receipts in all instances. See Audit, Page 2

Numbers Against The House...

Someone, that invisible source almost as famous as Anon, cites the interesting fact that only about 35 percent of U. S. population votes.

That is, about 70 to 75 million people vote in presidential election years.

What concerns both major political parties is that voter registration is lower in recent years by actual number or percentage of population, whichever.

Something uniquely American is going down: the desire to exercise the privilege to vote.

And what is pulling it down is precisely what Jimmy Carter talks about in his Georgia layman's language and what Texan John Connally advises Republicans must be done to make the 1976 GOP, a minority party of perhaps 18 percent of the electorate, a viable political entity.

The political parties as they are "devolving" these days are apparently seen by the public as less than viable entries into the central government process. Or even the state and local structures.

Carter says he wants to restore confidence in government, placing that in priority position among his plans in the presidential campaign and, if elected, in the White House.

His first public comment after the end of the Democratic Convention has been to criticize the timing of the Nixon pardon by President Gerald Ford. Mr. Ford challenges Walter Mondale's criticism of the pardon of Richard Nixon in his acceptance speech for the Democratic vice-presidential candidacy.

In fact, Mr. Ford says the pardon would not be a campaign issue, challenging the Democrats to try. Mr. Carter says he would have held an impeachment trial in the Senate so that all allegations could be heard before pardoning Mr. Nixon.

Carter knows Ford had the constitutional right to pardon the former President.

Elliot Richardson, now Ford's Secretary of Commerce, has real insight into this question. He recalls Archibald Cox was lost in the "Saturday Night Massacre" when Nixon sought to eliminate the office of special prosecutor investigating Watergate. Richardson as attorney general was involved

in investigation of V-P Spiro Agnew, who resigned amid other scandal before the Nixon pardon.

Richardson says that Ford properly read the procedural time table. A trial would have taken perhaps a year and appeals court procedures available to Nixon would have extended the question even another year or two.

If Nixon had chosen to undergo an impeachment trial, it would, in effect, have bogged the Senate for a year and dragged the executive branch into furtive litigation at least another year. Resignation for continuity? Pardon for sanity.

Result would have been an appointive, weakened Presidency even weaker, if not deprived of any substance until the 1976 general elections.

What Mr. Carter has done is take the middle ground on an immensely complex, immensely important question. He would have tried, but then pardoned Nixon. The public would know what went on, in toto.

It is likely the public thinks the "big ones" got away by nolo contendere and pardon while Watergate lesser lights went to trial. Even less than a majority of Republicans agreed with the pardon.

It is also likely little more than confirmation of all the conspiracy would have occurred while an appointive federal government, without means to elect an interim or new president provided by a parliamentary-prime minister system, would have gone down the drain.

Though perhaps not meaning to, the Mondale charge implies "deal." Mr. Ford says "no way. It had to be done that way." Mr. Carter says he would have timed it differently.

Only the successor, Ford, could act, pardoning a President who was impeachable after succeeding a Vice-President who was eased out of government so he, Agnew, could not succeed a potentially culpable chief executive.

Meanwhile, the voters are fewer in number, not just because of Watergate or massive central government, but because of such esoteric political debate.

This government runs incredibly well for all this. But the numbers game goes against the house.

Auditor From Page 1

"As mentioned in our discussion of the sheriff's office, we recommend that the county clerk receipt and account for all county court fines and costs."

JUSTICES OF THE PEACE

"Duplicate prenumbered receipts should be issued for all funds collected. Receipts for all cases should be entered in numerical order on a monthly report accompanied by a monthly report recapitulation. Where fines are assessed and laid out in jail, the docket should show the amount."

"In the office of justice of the peace Pct. 4, a number of cases had not been reported on monthly reports. It is our understanding that Judge Allen has filed a supplemental report, remitting these fines, since the completion of our field work. The procedures we have recommended will help eliminate such oversights, by tying receipted monies to remittances to the county treasurer."

TAXABLE PROPERTY VALUE

The audit reported listed assessed and estimated actual value of taxable property in the county for 1974 and 1975.

Assessed value of real property for 1974 was \$14,910,547. Estimated actual value was \$181,835,939. For 1975, assessed value was \$15,251,582 while estimated actual value was \$185,994,902.

Personal property assessed value for 1975 was \$24,483,354 while estimated actual value was \$298,577,488.

Total property assessed value was \$39,734,936 while estimated actual value was figured at \$485,572,390.

"Texas Municipal Report, dated December 5, 1974, based on assessment to sales ratio studies by the Texas Tax Commissioners Association used 8.2 percent of actual value," the audit footnote read.

PRINCIPAL TAX PAYERS

The audit listed the ten largest taxpayers in the county, giving the assessed valuation and the percent of the total county taxes paid total. They are: Aluminum Co. of America \$14,128,733; 35.56 percent; Citizens National Bank, Cameron, \$854,608, 2.15 percent; Texas Power and Light Company, \$648,826, 1.63 percent;

Missouri Pacific Railway Co., \$482,007, 1.21 percent; Atchison, Topeka, and Santa Fe Railway Co., \$432,525, 1.09 percent; First National Bank, Cameron, \$325,622, .82 percent; Rockdale State Bank, \$289,658, .73 percent;

Southwestern Bell Tel. Co., \$283,828, .72 percent; H. H. Coffield, \$183,531, .46 percent; Rockdale, Sandow, and Southern Railroad \$178,325, .45 percent.

Total of \$17,807,663 is 44.82 percent of total assessed valuation in the county.

ROAD AND BRIDGE FUNDS

Harris noted that inflation has affected the road and bridge funds for county precincts, making expenditures run over appropriations.

For Precinct 1, appropriations totaled \$74,620 and expenditures totaled \$79,691 for a difference over the budget of \$5,071. Biggest difference was in fuel and lubricants, which ran \$4,800 over the budget. Fund balance on Dec. 31 was \$9,509.

Precinct 2 showed a difference over the budget of \$11,106 with appropriations of \$119,975 and expenditures of \$131,081. Again fuel and lubricants was the culprit, being \$4,937 more than was appropriated. That precinct showed a deficit of \$17,151 on Dec. 31.

Precinct 3 showed a fund balance of \$9,271 on Dec. 31. Appropriations were \$94,499; expenditures were \$123,527 for an over the budget figure of \$29,028.

Precinct 4 had a deficit of \$8,157 on Dec. 31. Appropriations totaled \$70,070 while expenditures were \$93,396, under the budget for \$23,326. Biggest expenditures was \$8,840 for equipment for which no funds were appropriated.

The general road and bridge fund for the year ended on Dec. 31 showed \$137,113 for appropriations; \$149,799 expenditures for a difference of \$12,686. Right-of-way purchases amounting to \$8,615 was not budgeted. Fund balance on Dec. 31 was \$179,239.

On Dec. 31 cash on deposit for the county was \$307,097, and invested cash was \$344,504. Harris recommended that more of the county's cash be invested, doing so with up to 85 percent of the cash.

Estimated revenue for the year ending Dec. 31 was \$869,085 while actual revenue was \$863,896 or \$94,811 over the budget. This was a good thing, because nearly every category of expenditures showed a deficit under the budget.

Copies of the complete audit are on file at the county judge's office

Dear editor:

It's too late to do anything about it now, but during the Democratic National Convention the main problem it seemed to me, since the platform and the nominee were settled on ahead of time, was getting the delegates to stay in their seats and be quiet.

The TV cameras kept showing the delegates, most of whom I'm convinced had parents who kept telling them to be quiet when they were children and couldn't make it stick. I kept expecting a voice on TV to come on saying "Do not adjust your set, this is a political convention your're watching."

Some of the inattention of course was caused by the speeches, some of which were so dull you knew for sure the speakers had written them themselves.

Regardless of the difficulty, the problem ought to be solved. Such a spectacle going out on the air could damage a party's image, and would have if it had gone

into more homes, which it would have if there hadn't been regular programs on other channels.

Therefore I have rolled up my sleeves and tackled the problem. Oh, I know people will say it can't be solved, that it's like trying to solve inflation, when any thinking person knows the way to stop inflation is to make other people reduce their prices and leave mine alone.

But I have the solution. It came to me during the first two hours of the convention.

The answer to the milling-around delegate problem is seat belts. Lock 'em in. When the chairman's gavel falls, it hits a button that makes every unfastened belt in the hall shriek with that awful buzzing sound car owners know about. With two-thirds of the belts buzzing away, the noise will be so fierce and ear-splitting the delegates will sit down and buckle up to keep from going insane. Once buckled up, the release button for all is maintained at the chairman's podium. First-aid people will have to be stationed around the hall to take care of over-enthusiastic delegates who try to leap to their feet and pull their seats up by the roots. This won't cost much. There are thousands of unused seat belts available in cars all around the country.

Yours faithfully,
J. A.

Sorghum Crop Losing Ground

By Bill McCutchen
Milam County Exten. Agent

We have a good grain sorghum crop made in the Milam County fields but the crop is losing ground daily. Rain on sorghum during the maturation periods is causing loss of test weight and yield loss. The closer to combine maturity the grain is and the longer it rains the greater effect it will have.

Rain causes weathering of the grain. The weathering is a combination of physiological activity of the grain and mold on the grain. Mold growth roughens the surface or coating contributing to loss of test weight.

The physiological activity is expressed as an increase in respiration in the grain which breaks down the starches in the endosperm. Thus there is a weight loss in the grain.

The partial digestion of starch produces some soluble sugars which may be leached out with more rain. The sugar also provides a good medium for additional mold growth. Thus, there is a cycle initiated that can only be stopped by drying of the

grain.

In South Texas grain has deteriorated so far that it is sprouting in the head and if it doesn't stop raining soon this could happen here.

Because of this situation, probably suckering problems, etc. many producers are considering using a desiccant such as sodium chlorate to speed the harvest date.

It is important for these people to know that if weather conditions are not favorable for drying, grain moisture will not lower significantly even with the use of a desiccant. Rapid drying will occur when there is high temperature and low humidity following desiccation.

FALL ARMYWORMS

If you have a well fertilized bermuda lawn, you better check for the presence of the fall armyworm.

The fall armyworm has an inverted yellow "Y" on his forehead, but if something is eating your lawn you don't have to check his identity, this probably is the culprit.

Seven is recommended for control and is safe to use if you follow the directions on the container.

National Farm Safety Week Coming Up

National Farm Safety Week is set for July 25-31, and an agricultural safety engineer for the Texas Agricultural Extension Service asks that farmers and ranchers make more than just a casual note of the observance.

"We should all ask ourselves, 'What's in it for me?', and get an answer," emphasizes Nelson. "National Farm Safety Week is designed to affect the thinking and work habits of those involved in agriculture."

The safety engineer suggests that farmers and ranchers look at the observance in a positive sense with the realization that accidents can happen to anyone and that something can be done to reduce their occurrence.

"Nothing in life is completely safe or unsafe; there are only 'levels of risk.' Accidents are more likely to occur under high risk than low risk conditions," notes Nelson.

Regarding the level of risk involved, this is where the individual comes in.

"Every individual has some degree of control over the kinds of risk to which he exposes himself," points out the Texas A&M University System engineer. "By practicing 'risk control,' an individual will tend to expose himself to only those circumstances that involve 'reasonable risk.'"

Reasonable risks are taken to realize a benefit greater than the potential loss associated with the risk, explains Nelson. A reasonable risk is usually associated with activity where there is not only a low probability of injury or property damage but the severity of possible injury or damage is also low should an accident occur.

"Practicing 'risk control' involves a continual evaluation of the risks around us and then choosing to avoid those hazards associated with a high risk -- those with a high damage potential and a high probability of occurrence. By playing the odds in our favor, we will all gain increased freedom from accidents," contends Nelson.

County Agents To Hold State Meeting

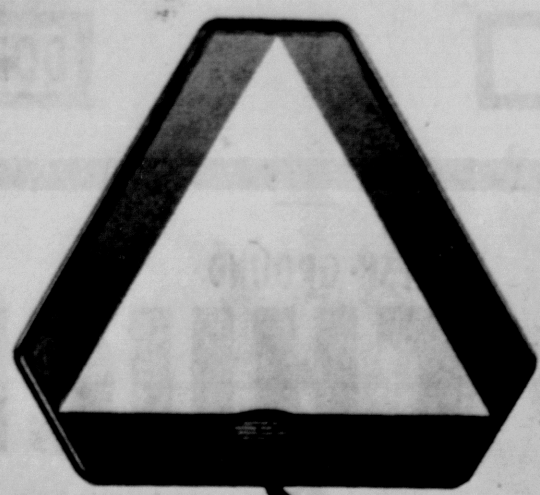

WACO Members of the Texas County Agricultural Agents Association will gather at the Knights' Inn here Aug. 1-3 for their annual meeting.

Highlighting the affair will be keynote speakers, award presentations and business sessions, points out Lee Roy Colgan, Jr., of Lamesa. Dawson County Extension agent and association president.

Registration is scheduled for Sunday afternoon, Aug. 1, as well as the following morning, with the official opening of the meeting set for 9:15 a.m. Aug. 2. A golf tournament is also set for Sunday afternoon.

The first session of the meeting will be highlighted by an address by Texas A&M University Dean of Agriculture Dr. H. O. Kunkel.

City

AG-TRONIC, INC.
HASTINGS, NEBR., U.S.A.
CERTIFIES COMPLIANCE
WITH ASAE S276.3

CERTIFIED SMV emblem shown here carries manufacturer's statement that it meets the tough new standard of the American Society of Agricultural Engineers.

New Improved SMV Safety Emblem Available

Slow Moving Vehicle emblems have been an important factor in highway safety for the past 10 years. The SMV emblem is an orange and red triangle which you see on the back of slow moving farm or construction machinery on roads and highways.

These emblems are required by law on vehicles moving at less than 25 miles per hour on roads and highways in all states in the United States and most Canadian Provinces. In the first 2 years after Nebraska adopted a law requiring use of the emblem on farm equipment, deaths resulting from rear-end collisions decreased 40 percent. Michigan experienced a 47 reduction in rear-end collisions following adoption of an SMV emblem law.

Now, due to the American Society of Agricultural Engineers, (ASAE) which sets performance requirements for the emblems, an improved new emblem is available. It is a better emblem than any ever made before.

The ASAE Standard (S276.3) says that "The manufacturer shall place his name and address on the emblem, and may state that the emblem meets the requirements of this standard." Buyers should be aware of this certification and insist on certified Slow Moving Vehicle Emblems.

ing Vehicle Emblems.

The National Safety Council strongly recommends the use of emblems which meet the new ASAE standard. These emblems are visible day or night. They are a vivid reminder to drivers to "slow down." When you see one it means there is a piece of equipment traveling at less than 25 m.p.h. ahead of you.

To be sure of getting the longest-lasting, safest emblem ever, buyers are urged to insist on "Certified" emblems. Absence of an emblem on a slow moving vehicle, use of worn out emblem or a non-certified emblem could create a liability question.

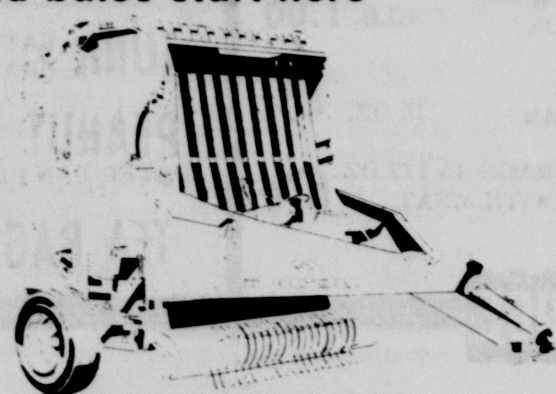

SAFETY CORNER

HELP FIGHT FATIGUE

Farm homemakers can help fight accidents caused by routine and fatigue by providing coffee, tea or milk breaks. If the operator is far away from home, pack vacuum bottle and brown bag on equipment to give him an excuse to stop. Modern machinery can operate continuously but man cannot. Give him a break.

Bigger savings with big round bales start here

International 241 Bigroll Baler

The many superior features of IH Bigroll Balers give you extra time, labor and quality-saving benefits. Included is the ability to make full 6-ft. diameter bales with loose cores that permit "breathing," yet have extra-tight surfaces for maximum resistance to weathering. And you also get dump-and-go convenience, which means you don't have to back up to eject in order to get all of the windrow when starting a new bale.

- Exclusive lower belt tracking system lets belt float to tolerate loads, reduce wear.
- Exclusive individually replaceable upper belts.
- Exclusive twine guide positioning indicator for more convenient and twine-saving wrapping performance.
- Exclusive vertical hitch adjustment to maintain level baler operation.

Let's arrange a demonstration. Finance plans available.

Wedding Vows Join Lilley-May Gause News

By Mrs. Wanda Lee

Miss Karen Elaine Lilley of Lampasas and Mickey Lee May of Roosevelt, Ok. were joined in marriage Saturday, July 17, during an evening service at the First Street Church of Christ in Lampasas.

The bride is the daughter of Mrs. Kenneth Lilley of Lampasas. The groom is the son of Mr. and Mrs. Charles May of Roosevelt, Ok.

Richard Dacus, minister of the Church of Christ in Casper, Wy. and uncle of the groom, performed the double-ring ceremony. Miss Reba Wykes of New Braunfels, soloist, sang "Twelfth of Never", "Follow Me", "The Wedding Song", and "Lord's Prayer".

The altar was decorated with a Victorian style arrangement of mixed flowers in shades of yellow to gold and blue to purple accented with touches of pink. At each side of the altar were two spiral candelabras which held tall blue tapers and jade foliage standards. An arch candelabra holding blue jewel votive candles and jade foliage standards was placed at the back of the altar. On the floor level of the church were two spiral candelabras which also held tall blue tapers and jade foliage standards. The pews were marked with greenery cascades and bows in the bride's chosen colors.

The bride was given in marriage by her uncle, Mr. Lin Cummins of Lampasas, and wore a gown of formal, imported organza over satin peau de sole which featured Venice lace down the front and around the back of the dress and lace imported from France at the bottom of the dress and on the cathedral train. Appliques were fashioned on the skirt, train, and bishop sleeves. The bride's headpiece of Venetian lace, pearls, and tear drops held an elbow length veil of bridal illusion.

The bride carried a formal cascade of white daisies, yellow elegant, blue statice, pearlized stephanolis, and baby's breath centered with a white cattleya orchid.

Matron of honor was Mrs. James Alderson of Breckenridge. Mrs. Susan Young of Clay Center, Neb., Miss Janet Johnson of Cameron, and Miss Barbara Adamek of Waco were bridesmaids. They wore formal - length halter dresses of yellow nylon flocked with blue and pink flowers over yellow polyester lining which featured attached capes. Floppy yellow hats trimmed with yellow organza roses were worn by the attendants who also carried cascade bouquets of mixed flowers in shades of white, yellow, and blue with a touch of pink accented with yellow sweetheart roses and baby's breath.

Renny Jackson of Roosevelt, Ok. served as best man. Groomsman were Rick Dacus of Casper, Wy. and Steve Dacus of Omaha, Nev., cousins of the groom, and Gary Winters of Southside, Ok.

James Alderson of Breckenridge, Drew Dacus of Casper, Wy. and cousin of the groom, and Gary Winters of Southside, Ok. served as ushers. Candlelighters were James Alderson and Drew Dacus.

A garden ceremony was held following the ceremony at the home of the bride's grandmother, Mrs. C. E. Lilley of Lampasas.

The bride's table was covered with yellow tulle over a floor length satin skirt with a yellow overskirt. A mixed arrangement in shades of blue and yellow was centered on the table. The bride's cake was a divided 4-tiered cake decorated with fresh flowers and topped with a miniature bride and groom.

The groom's table was covered with a floor length blue bandana skirt with a matching blue bandana overskirt, and held a centerpiece of cascades of flowers in shades of blue and yellow centered with a big white candle. A chocolate cake in the shape of horseshoe was

served from the groom's table.

Miss Pat Lilley of Winnie, cousin of the bride, registered guests.

Other houseparty members were: Miss Lynda Parker and Mrs. Ken Shannon, both of Dimmitt; Mrs. Bill Rice of Austin; and Mrs. Pat Justice, Mrs. Boyd Clary, and Mrs. Gary Hyatt, all of Lampasas.

The bride graduated from Lampasas High School and attended Central Texas Junior College, West Texas State University, and graduated from Abilene Christian University in 1972 with a B.S. in elementary education. She has attended Texas A&M University where she was working toward her master degree and is a member of Kappa Delta Pi. The

bride taught third grade three years in the Cameron ISD and sixth grade last year in the Dimmitt ISD.

The groom is a graduate of Roosevelt High School and attended Panhandle State University and Oklahoma State University where he graduated in 1973 with a B.S. in agricultural education. He has worked toward his master degree at Oklahoma State University. He is a member of Alpha Tau Alpha and Collegiate FFA.

After a short trip to Tennessee and the southeastern states, the couple will reside in Roosevelt, Ok. where the groom will be occupied in farming and ranching and the bride is employed as a second grade teacher at Navajo ISD near Altus, Ok.

MRS. MICKEY LEE MAY

Showers, Parties Fete Miss Lilley, Bride-Elect

Miss Karen Lilley, bride-elect of Mickey Lee May, was honored with showers and going away parties before her marriage Saturday, July 17, in Lampasas.

Showers and parties included: a miscellaneous shower on Saturday, May 15, at the home of Mrs. James Hoffpauir of Lampasas; a shower on Saturday, June 5, at the home of Mrs. Robert Hairston of Lampasas; a miscellaneous shower on Friday, June 18, at Roosevelt Club House in Roosevelt; a wedding shower and going away party given by members of the Church of Christ in Dimmitt; a recipe and tea towel shower given

by Dimmitt sixth grade teachers on Thursday, May 20, at the home of Mrs. Bedford Smith; and a shower and going away party on Wednesday, May 26, given by the Dimmitt sixth grade class.

ENGAGED - Mr. and Mrs. Walter E. Coufal of College Station announce the engagement of their daughter, Debra Kay, to Christopher A. Dale, son of Mr. and Mrs. Don Dale of College Station. A September 11 wedding is planned in the A&M Church of Christ at College Station.

Needle Selection Depends On Fabric

COLLEGESTATION

Selecting needles and threads for homesewing is more than just picking up a package of needles and finding thread to match the fabric color, Marlene Odle, a clothing specialist, says.

"Kind and size of needle and thread necessary depend upon fiber, fabric construction and purpose for stitching."

"For example, in buying needles, choose ballpoint needles when sewing knits and sharp needles when sewing woven fabrics," she explained.

Miss Odle is with the Texas Agricultural Extension Service, The Texas A&M University System.

She recommends using 100 per cent polyester or cotton-covered polyester thread for polyester or polyester blend fabrics. These threads have elasticity and do not shrink in washing.

"Because of their irregularities, today's American-made polyester or cotton-covered polyester threads are not sized like 100 per cent cotton thread."

"Consequently, larger size (size 14 or 16) needles are necessary when sewing with this thread to prevent breaking, tangling and uneven tension. The eye of the needle must be large enough for the largest part of the thread to pass through," she said.

Some Swiss-made polyester threads are more uniform in shape, and they are sized. A fine needle may be used when sewing with fine thread, she said.

"Thread for topstitching, commonly called buttonhole twist, is available in polyester or cotton. It is heavier and thicker than regular thread. Choose the kind which is most compatible to the fabric being used. A size 16 or 18 needle, used when sewing with buttonhole twist, allows the thread to move through the eye freely without fraying."

"Swiss-made cotton but-

tonhole twist may be pre-shrunk on the spool before used in stitching on polyester, polyester blends or cotton fabrics. Cotton thread has a higher luster than polyester," she said.

If your machine does not sew with heavy threads or buttonhole twist, use two strands of thread for topstitching.

"Wind some thread on a second bobbin and thread it and the spool thread together on top. Separate the two threads at the tension disc if your machine has a top tension regulator."

"Thread both threads through the needle. This provides a heavier looking topstitching than one strand and resembles buttonhole twist," she said.

REUNION

Fisher

Descendants of the late Thomas Benton Fisher family gathered in Cameron on Sunday, July 18, for a reunion picnic.

Hosts for the occasion were the five children of the late Mr. and Mrs. C. M. Beacham: Mr. and Mrs. Charles Beacham of San Antonio, Mrs. Vivian Terry of Caldwell, Mr. and Mrs. Beverly Walker of Austin, Hans Beacham of Austin and Mexico City, and Grace Beacham of Austin and Cameron.

Family history was brought to date and plans were made for next year's reunion.

FHA Bake Sale Set

The Yoe High Sr. Chapter FHA officers will hold a bake sale Friday, July 23, in front of the Citizens National Bank. Homemade cakes, pies, cookies, and kolaches will be sold beginning at 4 p.m. The profit will be used to finance club activities.

TO WED - Sgt. Maj. (Ret.) and Mrs. Paul Greer of Temple announce the engagement of their daughter, Teresa Diane, to Charles Glenn Jones of Itasca, formerly of Cameron and the son of Mr. and Mrs. F. M. Jones of Cameron. An August 7 wedding is planned.

Tomlinson Hill To Be Site Of Old Settlers Reunion

Tomlinson Hill will be the site of the 68th reunion of the Falls County Old Settlers and Veterans Association, Thursday and Friday, July 22 and 23.

Thursday evening, the supper will be barbecued beef. The Historical Marker will be unveiled and dedicated by the Honorable Dan Kubiak, and the program will feature square dancing for its Bicentennial theme.

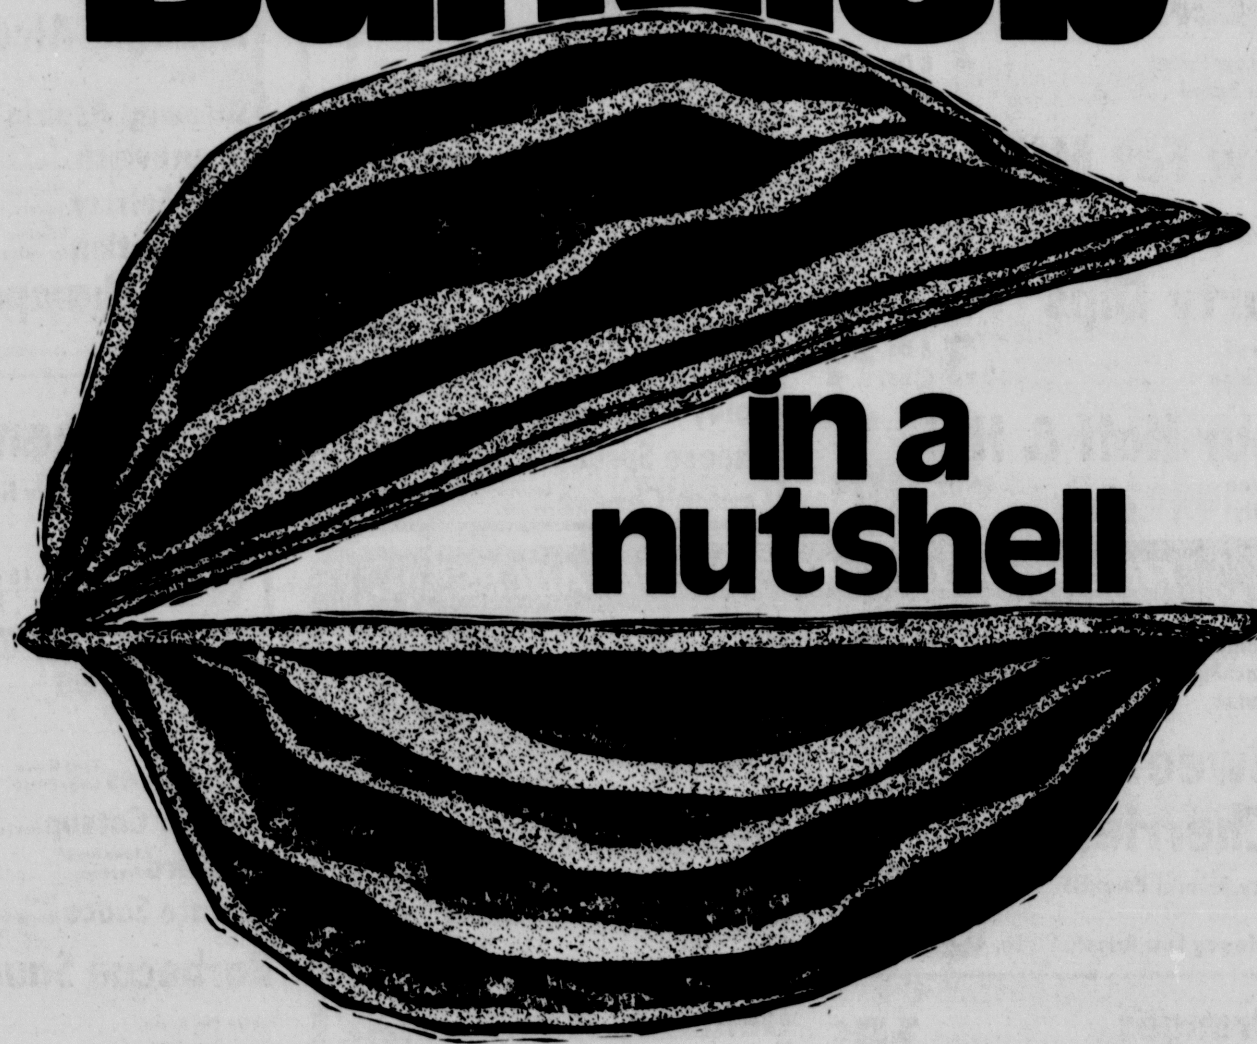

Friday evening, the traditional Brazos catfish and hush puppies supper will be served. The program will be the area Fiddlers Contest, in two age categories: 1-50 years, and 51 years plus. The oldest man, woman, married couple, and Falls

County native present will be recognized.

The supper hours are 6 to 8 p.m. each evening, with the program following under the tabernacle at 8. Jack Stem of Marlin, president of the Association, will serve as Master of Ceremonies both nights. Mrs. Anton Miller of Cogo is program chairman, and Mr. Ray Windham of Lott is in charge of the Fiddlers Contest.

Mrs. Mary Price of the Falls County Historical Association will be in charge of booths around the pavilion featuring homemade articles and foods for display and sale, from 2 p.m. each day. Light refreshments will be available also.

Banclub

Banclub is simply a solid value. It entitles you to unlimited check writing with no minimum balance. And there's no charge for all the personalized checks you need.

Banclub membership also includes \$10,000 of accidental death insurance. And car rental discounts. And travel discounts. And motel discounts. And a quarterly Banclub newsletter and your personal Banclub membership card—your introduction to over 750 member banks across the country.

That's Banclub in a nutshell. And there's nothing cracked about it.

CLUBS

FHA

The 1976-77 Senior Chapter FHA officers met Monday, July 12 for a home-made ice cream party. The officers organized plans for the chapter meetings, discussed special activities for the group and selected uniforms for the officers. Eight officers and the chapter advisor were present.

Personal Mention

Mr. and Mrs. Ervin Lehnert and son, Barry of Williamsburg, Md. are visiting relatives and friends in Cameron.

French legend has it that a red man appeared to Napoleon and foretold his downfall.

Jones Tries In Olympics

Johnny Jones, the native Oklahoman who chose to pursue his scholastic athletic career in Lampasas, Friday starts his bid for what could result in two Olympic gold medals.

Although the draw had not been completed Friday for heat assignments, Jones will be representing the United States in the preliminary heats of the 100-meter dash with winners advancing to subsequent semifinals and eventually the finals Saturday evening.

Jones is one of three American athletes who will be competing in the century dash, one of the glamour events of any of the track offerings during an Olympic year.

The winner of the gold medal is accorded the mythical title of "World's Fastest Human" for at least the next four years.

Jones' track coach said the first preliminary heats in the 100 are scheduled to be run at approximately 3 p.m. Friday. Preliminaries are slated for 2 p.m. Saturday and the finals will be between 6 and 7 p.m. on Saturday.

After the Friday and hopefully Saturday sprints, Jones will then take the early part of next week away from competition and make his final bid for a place on the United States 4x100 meter relay team which will run on July 30-31.

BASEBALL STANDING

GIRLS SOFTBALL

Friday the Disco Girls defeated the Winders in a 20-3 game. Talullah Green hit a grand slam and the whole team was outstanding, according to the coaches.

Patties Win First Game Of Season

The Peanut Patties downed Crow's Termites in girls junior division softball action Friday 11-3. Debbie Cordier chalked up her first win of the season, and the team's first win, allowing only five hits.

The Patties scored 11 runs on 12 hits and were never behind, scoring four in the first inning, three in the third, and four in the fifth.

Cordier was in control all the way allowing only one hit until the fourth frame when the Termites scored three runs on four hits.

The next game for the Peanut Patties will be against the road runners, Monday, July 26 at 6 p.m. The Termites' next contest will be with the Rascals on July 30.

Eagles Win

Top Spot In League

The Cameron Blue Jays and the Rogers Eagles, tied both 8-2 for the Pony League championship, fought it out in a one-game playoff Saturday which went eight innings and saw the Eagles triumphant with a 4-3 score.

Young was the winning pitcher for the Eagles and Vrazel pitched for Cameron.

Rogers will represent the league in playoffs in Killeen starting July 26 for a spot in the district.

The Eagles picked three Pony Leaguers from Cameron teams to play in the playoffs. They include Stephen Hollas from the Cameron Maroons, and Daniel Garcia and David Rinn of the Blue Jays.

Cardinals Score Two Wins Sunday

The Cameron Cardinals swept a double header from Caldwell Sunday, 7-4 and 9-1.

In the first game Kenneth Scott went the distance and Dee Ross was the catcher. In the second game Isidore De La Rosa and Mary Story were the battery for the win.

The Cardinals had won 13 games in a row, for now the Cardinals stand at 17 wins and 6 losses.

"A man often pays dear for a small frugality." Ralph Waldo Emerson

Gardner, Chubb, Wacoans Top Field Of 160 In City Jr. Open

Top seed B. Gardner, of Killeen, Sunday won the boys' 18 singles title without dropping a set while Betty Sue Chubb, of Cameron, won the girls 13 singles in the first Cameron Junior Open.

Hundreds watched the approximate 135 tournament matches.

About 160 entries kept players on Cameron Park and YHS Courts for two days and under Park Tennis Center lights until 2 a.m. Sunday prior to Sunday afternoon semi-final rounds in the 11 divisions. The last finals match ended 10:30 p.m. Sunday.

Dennis Hollas, of Cameron, lost to Gardner in the boys 18 singles semi-finals, 6-1, 6-1, and Cathy Huffman, of Cameron, went to the semi-finals in girls 15 singles.

An entry of about 20 Waco juniors players produced six division champions in both girls and boys singles and doubles. Twenty from Cameron entered.

Hollas defeated Matt Sheehy 6-4, 6-0, and Andy Mathis 6-4, 3-6, 6-3, both of Waco, on his way to the semi-finals in boys 18s.

mi-finals in boys 18s.

CHUBB WINS

Chubb defeated L. Tatum of Waco, 6-0, 6-0, C. Balusek, of Taylor, 7-6, 3-6, 6-1, and K. Harris, also of Taylor, 5-7, 6-3, 6-1 in the girls 13 singles finale.

Huffman reached the semi-finals with wins over C. Lincoln of Rockdale, 6-0, 6-1, and L. Newman, of Waco, 6-0, 6-0, before losing to K. Box of Franklin, 6-0, 6-4.

Rockdale's Cooke-O'Conner reached the girls 18 doubles final, losing to Nita and Linda Matyastik, of Waco, 6-3, 6-2. Cooke-O'Conner defeated Schigut-Newman 6-1, 6-1, and Huffman-Hooten 6-2, 6-2 on their way to the finals.

Caldwell's M. Marsh reached the finals in girls 18 singles before losing to Waco's N. Matyastik, 6-3, 3-6, 6-4.

Linda Matyastik, sister of the girls 18s champion, won the girls 15 singles over Box, of Franklin, 6-2, 6-2 in the last match of the tournament.

Walter Matyastik, at 9 the youngest player in the tournament, was the third Matyastik to play.

He lost to P. Sanders of Franklin, 4-6, 6-2, 6-2, in the boys 13 singles semi-finals.

Killeen's Gardner led a talented list of entries from Killeen, Belton, Waco, Austin, Temple, Taylor, Caldwell, Rockdale, Franklin, Thorndale, College Station and Rosebud.

COLLEGE CALIBRE

A number of players from Austin and Waco 4-A high schools appeared and 18s boys' finalists Gardner and C. Guidry, also of Killeen are college-calibre tennis players. Guidry lost to Gardner in the 18s finals, 6-2, 6-0.

Gardner - Guidry defeated Austin's Dillon - Kalmbach in the boys 18 doubles finals 6-2, 7-5. Gardner - Guidry had wins over Sheehy - Mathis and Fowler - Szecinski, both Waco entries, on the way to finals.

Kalmbach - Dillon defeated S. Hollas - D. Hollas, of Cameron 6-4, 6-1, and DeLoach - Driska, of Belton, 6-1, 6-3, before reaching the finale.

Austin's Dillon, of Lanier

High School, defeated Matyastik, J. Tatum, R. Tatum and P. Mathis, all of Waco, in a steady march to the boys 15 singles championship. He won 6-2, 6-3 over Mathis in the finals.

Winchell - Mathis won the boys 15 doubles with a three-set win over another Waco doubles team of J. Sheehy - J. Tatum, 6-4, 4-6, 6-4.

It was an all - Waco finale in boys 13 singles won by J. Spelman over D. Ingerson, 6-1, 6-2.

A Franklin doubles team of Sanders - Sanders won the boys 13 doubles over Mad Kinnon-Gross, of College Station, 7-5, 7-6.

The Waco girls 15 doubles team of Seeger - Penaloza defeated a Taylor duo of Harris-Balusek 7-5, 6-2 for the division championship.

The following Cameron juniors played in early rounds of the tournament: Ted Dodd, Dennis Hollas, Clay Kruse, Randy Miller, B. Miller, Stephen Hollas, Martin Luecke, Ronald Cobb, Dow Dodd, Tim Mitchan, Raymond, N. Huffman, Billy F. McCutchen, Kruse, S. Schigut, Kunz, Friemel, K. Fritz, Smitherman and Chubb.

The first Cameron Junior Open was sponsored by the Cameron Town & Country Tennis Assoc., with a membership of about 60.

FIRST RUNNER-UP in the Bicentennial Rodeo Queen's Contest in the Old Timers Rodeo at Rockdale, Lisa Rubac, is shown receiving a trophy and flowers from Harold Love of Rockdale.

Lisa is the daughter of Mr. and Mrs. Denson Rubac of Cameron. Sandi Roddam was named Rodeo Queen and will go to the Miss Texas Teenage Rodeo Pageant.

OBITUARY

Ely

Funeral for Effie Godfrey Ely, 88, of Gause who died Thursday in a Bryan nursing home, was at 10 a.m. Saturday in the Gause Baptist Church with the Rev. Thomas Dusek officiating. Burial was in the Gause Cemetery.

Surviving are a son, Brown Ely of Gause; one daughter, Jewel Ely Moore of Gause; two step-daughters, Faye Lypscomb of Ennis and Pearl Ruth Johnson of Houston; four grandchildren and five great grandchildren.

Phillips and Luckey Funeral Home of Rockdale was in charge of arrangements.

Pounders

Micka Wayne Pounders and Codie Lee Pounders, infant sons of Mr. and Mrs. Freddie W. Pounders of Rockdale, died Saturday in a Rockdale hospital.

Graveside service was at 10 a.m. Monday in Hugh Wilson Cemetery in Tanglewood with the Rev. Ernest Helsley officiating.

Survivors are the infants' parents; their paternal grandparents, Mr. and Mrs. Fred Pounders of Rockdale; and their maternal grandparents, Mr. and Mrs. Graham A. Finn of Aldine.

Phillips and Luckey Funeral Home of Rockdale was in charge.

York

Edwin C. York, of Temple, died in a Temple hospital July 10 after a long illness.

Funeral was held July 12 in Christ Episcopal Church with the Rev. Joe Di Paola officiating. Burial was in Bellwood Memorial Park.

Mr. York was born in Rockdale and lived most of his life in Bell County. He was a veteran of World War I, past senior warden of the Christ Episcopal Church and past president of the Heart of Texas chapter of the Sons of the American Revolution.

He also served as area vice president on the board of managers of the Texas Society of the Sons of the American Revolution and served on the boards of the Cultural Activities Commission, Community Concerts Association and the Railroad Museum. He was a life member of the Friends of the Temple Public Library.

He worked many years as a farmer and rancher and was the part owner of the York - Carlisle Implement Co. in Belton many years ago.

Surviving are his wife, Gladys York of Temple; one son, Gerald York of Corsicana; one sister, G. Y. Higgins of Dallas; and three grandchildren.

Privacy Garden Added Off Bedroom

Privacy screens for a bedroom window can be placed to form an intimate garden setting outside the room, to enhance the view through a smaller window, or to add a sitting and sunning area through sliding glass doors.

The area doesn't have to be a complete enclosure. Two four-foot wide screens, built with 4x4-inch western cedar posts, 2x4 fir stringers and 1x2 slats can be combined with plantings to effectively block the view.

A mini-deck of 2x4s on posts and joists or on 4x4 treated sleepers will serve as a step down from the doorway

Schiller

Funeral for Walter A. Schiller, 69, of Temple, was at 2 p.m. Tuesday in the Harper-Talasek Funeral Home with the Rev. R. G. W. Ernst officiating. Burial was in the Bellwood Memorial Park.

Mr. Schiller died Sunday in a Temple hospital apparently of a heart attack.

Mr. Schiller was a long-time resident of Temple, and was formerly employed by the Shades Clothing Store and later with C. R. Anthony.

Surviving are his widow, Mrs. Albina Schiller of Temple; three daughters, Mrs. Joyce Thomas of Killeen, Miss Betty Jean Schiller of Temple and Mrs. Carolyn Mercer of Waco; two brothers, George Schiller of San Antonio and Milton Schiller of Cameron; three sisters, Mrs. Elsie Tomasek of Buckholts, Mrs. Agnes Reznicek of Houston and Mrs. Clara Vitek of Waco; and two grandchildren.

Picnic To Conclude School

The Vacation Church School that has been held at the First Methodist Church with the children of the First Presbyterian Church will conclude with a picnic at the City Park this Friday.

The concluding service of the summer informal revival services will be held this Sunday morning at the First Methodist Church. The service will include the singing of familiar gospel songs and choruses. Max McClaren will play the piano and pastor Rev. Stanley Vodicka, Jr., will speak on the theme "The Friends of Jesus." Youth Activities week will be held the week of August 1 thru the 5. The week will be sponsored by the Jr. and Senior Hi United Youth Fellowships of Cameron. The theme of the week will be "My Life as a Christian in a Modern World."

CONNIE WIDNER

Yoe High FHA Delegate Attends Meet

Connie Widner, a sophomore at Yoe High in Cameron was one of 1200 delegates selected from a half-million homemaking students nationally to attend the Future Homemakers of America national leadership meeting held July 11-16, in St. Louis, Mo.

Theme of this year's national meeting was "Action in a Changing World." During the four day session, Connie participated in leadership training workshops and values clarification activities. Delegates discussed the expanding role of home economics in our consumer oriented society.

Selection as a leadership meeting delegate is one of the highest honors an FHA or HERO Chapter member can achieve.

In addition to her FHA responsibilities, Connie is a member of the Yoe High School Band is an officer of her Evangelical Brethren Church Youth Fellowship group. Connie is the daughter of Mr. and Mrs. Cecil L. Widner of Cameron.

There are more than 12,000 FHA members nationwide. Most are involved in community service activities as well as projects to improve themselves and relations with people at home and on the job.
